Mother Of Kidnaper Is Ready To Reveal Story of Life

LOS ANGELES, Cal., Feb. 2.—The second act of the Marion Parker tragedy neared its climax today as the mother of William Edward Hickman awaited the prompter's word to take the center of the stage.

An atmosphere more intense than that of any staged trial scene has been created for the entrance of Mrs. Eva M. Hickman into the tiny courtroom, where her son is on trial for the kidnaping and murder of the 12-year-old school girl.

Prevented by a sudden change in the defense plans from coming on the scene, Mrs. Hickman still awaited her cue to take the witness chair today and tell her life story. Mrs. Hickman was ready to reveal chapters from her own life in an attempt to convince the jury

blight upon her son. at he stole and salughtered Marion Parker, the reading of which caused two of the jurors to weep, has been introduced in evidence by the defense lawyers, themselves.

Hickman's attorneys explained that they intend to show by the confession that Hickman was crazy and did not know he was doing wrong when he kidnaped and killed little Marion Parker.

The prosecution insists, however, that the confession will prove a boomerang to Hickman's plea of "not guilty by reason of insanity."

DROPS PASSENGERS

OFFERS DEVICE FOR

AIRPLANE SAFETY:

WASHINGTON, Feb. 2-Youth has again stepped forward with a major contribution to aeronautics. Acclaiming the invention as the most promising device yet offered to insure the safety of airplane passengers, civil and military authorities today took under consideration the designs of Peter A. Beck, 25 year old Ogden, Utak airman, for equipment which automatically discharges all persons from distresesd or disabled ma-

Beck, a civil engineer employed by the Union Pacific Railroad, has brought his device to perfection with outside financial assistance. His invention consists of an ordinary airplane seat swung on a horizontal axis above a trap door

in the bottom of the fusilage. When a pilot, perceiving danger, wishes to eject his human cargo, he has simply to pull a lever releasing the traps. The release of the doors tilts the seat, dropping the occupant with his parachute clear of the machine. The ripcord, which releases the folds of the parachute is fastened to the plane, thus eliminating all demand for thought or action on the part of the passenger. When a parachute is torn away from the cord, a self-winding cylinder draws it back into the fusilage. WIFE AND CHILDREN The trap doors, which open equally from the center of the plane provide additional wing area for air grip if the pilot remains at his controls in an effort to pull his

HUNTING UNDERLYING CAUSES OF CRIME

The so-called crime wave has been much discussed. Authorities on crime believe that the continual printing of crime stories with pictures and minute details probably incites cerain types of minds to the thought of crime.

A leader in crime says he does not believe the oft-expressed thought that the late war tended to produce criminals, for few in the ranks were of the type to make professional riminals. He states that those who were children in the I mean is offered by Cornelius rears from 1914 to 1921, are now young people; that during on the Herald-Tribune as a rehe war they heard many unwholesome thoughts expressed. | porter it was said that he covered They heard their elders talking about how to get all the sugar ster and that he declined to work and other essentials they could, despite government appeals at night when it interferred with or conservation. They saw develop a spirit of defiance and ndividual disregard of law

The average person's income was greatly increased, ex- efforts to succeed in the publishravagant ideas were developed by children and grown-ups, ing business, and in doing so he Many preferred to include in great luxuries rather than pay tertainment. Many of his ventures axes prescribed by law. These habits extended beyond the were unsuccessful, but that could amily through institutions. There developed an unwholesome dustri amosphere breathed by the children of the age, which children Dorrance, an heiress, was found the young men and women from whom the majority working at a machine in her faththose committing crimes come.

The fact that this theory may not be in accord with that but she was forced to leave beneld by the majority, is one of the justifications for the exisence of the National Crime Commission which is trying to have been others who have workassimilate all the theories it can bring together, and hopes to ful jobs evolve from them reasonable explanations and practical

SHADOWS OF SUPERSTITIONS

Perhaps the most amusing thing about the old groundhog comes a lout, a bounder, or a bur-Perhaps the most amusing thing about the old grounding den on society does so in spite superstition quoted every year on February 2, is not the charm- of his fortune, never because of ing quaintness of that old conception, but that a great number of people heartily believe in it, and might be influenced in their plans by learning that Mr. Groundhog had or had not seen his shadow.

you that the weather of the coming month is foretold by that is supported as a friend of mine, which prevails on Calendar day, as they call the last Friday a lady reporter who tells me that of the preceding month. And if they live in a snowy country, view a marine picked by his ofthat the number of snow storms in the winter was foretold by the day of the month on which the first snow fell.

Science has a long way to go before it regulates the lives campaigned in most parts of the world. Admitting that he liked to of the people. There are many who can't seem to guide their write, he said that he never wrote thought by the cold light of reason, and facts are too dull a thing to interest them.

VAIN HOPE OF REVOLUTION

Leon Trotzky, one of the idols of the Communists of America and Europe, has been exiled to a remote point in Siberia by the Russian soviet government. Before leaving, he predicted that the tides of revolution would yet sweep Europe, and of course he hopes they will sweep America too. But the tides are sweeping far away from the revolution idea.

Some people expect the world to be reformed right off On shipboard one naturally sees shows that the sluggish circulative eyes. Pat the cream in well on quick. They would level all institutions into ruins, and then all kinds. I wonder why it is that tion is being aroused. If the eyes. Pat the cream in well on they feel the world could start new, and build a better state

That plan is like the Chinese who burned down his house towns. Perhaps it is because, As soon as the tingling has night. Because of the length of this "older skin" treatment, it is to get rid of the rats. The radicals laugh at the proverb that when so far from their native ceased, Rome was not built in a day. However, when they build any state of society that anyone wants to live in, the world will be-

The Way of the World By GROVE PATTERSON

BIG FIGURES

Dealers and manufacturers estimate that 4,500,000 automobiles the United States. She took him awake is worrying over typostory brings out phases of Inof one kind and another may be built in 1928. There was a decline to be one more struggling music last year, due to the Ford shutdown. What an astonishing reflection of the wide distribution of prosperity! If this country were on as sound a basis, socially and morally, as it is industrially we would have ttained high water mark in civilization. Our chief failure to adjust and So?" she asked, mentioning urselves to prosperity.

CONTROL OF OUTLOOK

It has been said that when we lose control of our outlook on the of Miss Such-andSuch?" future we have set the stage for nervous disorders. Nothing is more four more, always in a tone stories have noticed that she nevvital than "control of outlook on the future." Only a feeble traveler which said: on the road will approach any day with its duties in the attitude of ofeat. Be quite sure you can handle the thing that coming, pleasant heard their nmaes." unpleasant. The fact is, you will have to handle it. Once make your mind to that, and you have proved the uselessness of worry. ly that he had heard of them.

ROADS

Build roads and the people will find the way. The backwardness of some of the mountain districts of the United States is due to the ack of highways. No matter how good the brain or the body, there nust be contact. It is a happy forecast that came recently from the rreat roadbuilders' convention in Cleveland. It was predicted that 1928 ould be the best year for new roads in the history of the United states. To spend money for more and better roads is to make one the most direct contributions to an improved civilization.

AUTOS AND KEYS

An Oberlin professor suggested sport roadsters instead of gold keys as prizes for those who win, by scholarship, membership in Phi the French army, while he him- by them. It is easier to be shot recollections, they feel they have-Beta Kappa. Little difference either way. The love of study and the self, served in France in the Amdure, day after day, the taunts n't slept at all. love of learning are things that exist apart from any thought of material prize. Those who do not love to learn are among the most a more stering recital than this ates, and while doing the most ING MEDICINES EXCEPT UNunfortunate of earth. It is not likely that prizes—either gold keys or with his mother, after the arm- menial work that could be found DER THE SUPERVISION OF sport roadsters-will pull them out of their sad ruts.

The Daybook

New Yorker

-Ву-BURTON RASCOE

NEW YORK, Feb. 2 .- Otto ahn, that august prince of Wall Margaret to John Barry Ryan ast week. At once the newspapers touted the fact that the young man, a member of lofty sodal circles and an heir to millions, worked twelve hours a day as a on the Newark Ledger. It is hard to down the absurd idea that rich mens' sons are wastrels. News of patrician inustry appears frequently, but the ersists. HUNTING UNDERLYING CAUSES OF CRIME

The so-called crime wave has been much discussed. Authorities on crime believe that the continual printing of crime stories with pictures and minute details probably incites cerain types of minds to the thought of crime.

A leader in crime says he does not believe the oft-expressed thought that the late war tended to produce criminals, or few in the ranks were of the type to make professional riminals. He states that those who were children in the I mean is offered by Cornelius Vanderbilt, jr. When he worked rears from 1914 to 1921, are now young people; that during on the Herald-Tribune as a rehe war they heard many unwholesome thoughts expressed. I porter it was said that he covered They heard their elders talking about how to get all the sugar ster and that he declined to work and other essentials they could, despite government appeals at night when it interferred with or conservation. They saw develop a spirit of defiance and his social engagements. The story dividual disregard of law.

The average person's income was greatly increased, ex- efforts to succeed in the publishavagant ideas were developed by children and grown-ups, ing business, and in doing so he lary preferred to indulge in great luxuries rather than pay tertainment. Many of his ventures axes prescribed by law. These habits extended beyond the were unsuccessful, but that could amily through institutions. There developed an unwholesome dustr may through institutions. There developed an unamount of the age, which children of the age, which children Dorrance, an heiress, was found tow the young men and women from whom the majority working at a machine in her fath-

VAIN HOPE OF REVOLUTION

Leon Trotzky, one of the idols of the Communists of America and Europe, has been exiled to a remote point in Siberia by the Russian soviet government. Before leaving, he predicted that the tides of revolution would yet sweep Europe, and of course he hopes they will sweep America too. But the tides are sweeping far away from the revolution idea.

Some people expect the world to be reformed right off quick. They would level all institutions into ruins, and then all kinds. I wonder why it is that the sluggish circulation is being aroused. If the lined area, puffing your they feel the world could start new, and build a better state are talking big, as if to determine your face for the minute or two cheeks when you pat the are talking big, as if to determine your face for the minute or two around your mouth. The Way of the World By GROVE PATTERSON

BIG FIGURES

Dealers and manufacturers estimate that 4,500,000 automobiles of one kind and another may be built in 1928. There was a decline to be one more struggling music last year, due to the Ford shutdown. What an astonishing reflection to be one more struggling music graphical errors in my copy. somnia, so I am going to use it teacher and sought to impress Sometimes it isn't errors but again. This time I don't anticiof the wide distribution of prosperity! If this country were on as sound a basis, socially and morally, as it is industrially we would have ttained high water mark in civilization. Our chief failure to adjust and So?" she asked, mentioning urselves to prosperity.

CONTROL OF OUTLOOK

It has been said that when we lose control of our outlook on the future we have set the stage for nervous disorders. Nothing is more four more, always in a tone stories have noticed that she nevvital than "control of outlook on the future." Only a feeble traveler | which said: on the road will approach any day with its duties in the attitude of ofeat. Be quite sure you can handle the thing that coming, pleasaut unpleasant. The fact is, you will have to handle it. Once make your mind to that, and you have proved the uselessness of worry.

ROADS

Build roads and the people will find the way. The backwardness of some of the mountain districts of the United States is due to the estly ack of highways. No matter how good the brain or the body, there nust be contact. It is a happy forecast that came recently from the reat roadbuilders' convention in Cleveland. It was predicted that 928 ould be the best year for new roads in the history of the United states. To spend money for more and better roads is to make one the most direct contributions to an improved civilization.

AUTOS AND KEYS

An Oberlin professor suggested sport roadsters instead of gold World war, another brother in any personal sacrifice to stand sleeping periods, so from their keys as prizes for those who win, by scholarship, membership in Phi the French army, while he him- by them. Washington

By CHARLES P. STEWART

WASHINGTON, Feb. 2. - 'S, legislatures elected them. funny, the really great senators "Naturally. They were sift we hear about all flourished a ed twice then. Only once now." long while ago. Our present solons are mere mortals like the rest of us—a few comparative notabilities in the bunch, but none, you'd think, for posterity through. o erect any monuments to.

However-When they were alive, were see those old moguls considered the marvels we class 'em as, now? Have WE, maybe, got some hum-some of the men who served dingers who won't be appreciat- with 'em.' ed inside another century? In short, is a high-class prophet without honor, not only in his own country, but his own time?

Obviously we'll come the nearest to finding out by asking Capitol Hill's oldest inhabitant, That's Senator Francis E. Warren of Wyoming.

The oldest man in the senate! going on 85. Also the oldest senator! it's past 37 years since he was first sworn in. Senator Warren was a senator before some of today's senators were

"The senate's average," began the Wyoming statesman-No, I take that back, and

"I emphatically deny," said Senator Warren, "that I'm a statesman. I simply come here 'lions' de to Washington and do the best can give.

Pretty good, too. Chairman of the most impor- of common honesty. tant senate committee-appropriations; ranking majority as we define them now. member of the next most imbuildings and grounds commit- licity-that we do today. tee—anyway, nobody can say

popular vote, as when the state senator did in his!"

Senator Warren can afford to say so. He proved that he could be sifted twice and still get

So he thinks the demi-gods of yore were the real thing? Let's

Get the idea? Senator Warren harks back to some period before the beginning of his nearly 40 years. If

any demi-gods ever filled senate seats, it was prior to 1890. He recalls none since then. "They made some good speeches," he admitted, "but did they accomplish any good re-

"What's a speech! the WORK isn't done on the senate floor."

Senator Warren then mentioned a "statesman's" name which I daren't repeat. It would start a row - associated with what else he said. That he was a New England "statesman" whose parents

christened him after a Biblical character most frequently referred to in connection with "lions' den," is the only hint "He didn't pay his bills didn't seem to know the meaning

"Morals? He hadn't got any, "In those times they portant committee-military af- have so many newspapers - the fairs; ditto of the public telegraph—the radio—the pub-

People didn't know much Senator Warren loafs.

"The senate's average," he pronounced, "isn't as high, since we began choosing senators by popular vote as when the state of the senators of the senato

Living and Loving By MRS. VIRGINIA LEE

THE WOMAN PAYS Isn't it odd that when a man never loved him. He says he "ain't done right by our Nell," loves me, but I don't believe it. Well is always the one to blame? He has gone with other girls Both men and women are sure and has been cruel to me. Now that if Nell had been doing I am in love with another man, what she should, and hadn't the only man I have ever loved. been more or less of a hussy He says he wants me to be his with misbehaving eyes-or S. ROOF BURNED FROM OSBORN RESIDENCE THURSDAY MORNIN

Due to quick work on the part of the Osborn Fire Department, a serious blaze at the home of Marvin Cline, Wright Ave., Osborn, was confined to the roof, Thursday

Sparks from the chimney fired the roof about 9:45 o'clock and the fire department was called by neighbors. The entire roof was burned and other damage is expected to amount to about \$1,500, partly covered by insurance.

Firemen used both water and chemicals in fighting the blaze. The contents of the house and the wall plastering were damaged by water, adding to the loss. Firemen had difficulty in fighting the fire because of the water freezing on controlled. The fire was extinguished in less than half an hour. The house is a large two-story

Dr. Caldwell's 3 Rules Keep You Healthy

Dr. Caldwell watched the results of how much one tries to avoid it. treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written us to that effect.

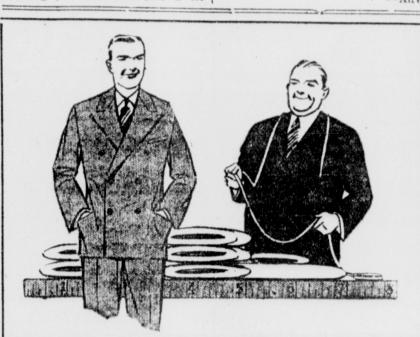

Dr. Caldwell did not approve of drastic physics and purges. did not believe they were good for

system. robs your strength, hardens your feet warm, the bowels open. NOTICE OF APPOINTMENT

Probate Judge of said County. Hinger, You (1-19-26 and 2-2)

LEGAL NOTICE
In the Matter of The Single County Ditch Petitioned for by B. B. Stackhouse, W. G. Turner, and others, Known as "Lucas Ditch."
County Auditor's Office, Greens County, Ohio, January 25th, 1928.
To the owners of land affected by the proposed improvement:

To the owners of land affected by the proposed improvement:
You, Mrs. Thomas Jones, and all others whose address is unknown and each of you, are hereby notified that on the 26th day of October, 1927, the above named petitioner B. B. Stackhouse and others, filed that on the 26th day of October, 1927, the above named petitioner B. B. Stackhouse and others, filed a petition for the Location, construction, reconstruction, straightening, deepening, widening, boxing or tiling of a part of Lucas Litch in Silvercreek and Jefferson Townships, with the Country Auditor of said Country, the substance and prayer of which said petition is, that the construction of the improvement is necessary and will be conducive to the public weifare, and NICE 5 Room house in country for rent, Arthur Dean, Phone 4076-15.

MOVING VAN, also truck for sale.

Estate of Daniel Rowan, Decess-Frank Hustmyer has been appointed and qualified as Administrator of the estate of Daniel Rowan, late of Greene County, Ohio, deceased.
Dated this 17th day of January,

A. & Louise Brakefield, E. M. Gerringer, L. D. Glass, A. & B. Sutton, Catherine Sessiar, Seymore Wade, and Arthur Harness, and terminate at the Burr road, a distance of about three miles. Also as per application for a tile Lateral filed Jan. 9th. 1928, by Louise Brakefield, John & Louise Brakefield, described as follows: Commencing in the line of a present 8 inoh tile ditch on the lands of Louise Brakefield, in Survey 1171, Silvercreek Township, Greene County, Ohio, at a point 86 rods east of the Sutton road, thence in a southeasterly direction following alongside or near a present tile ditch to intersection with the main open ditch all on the lands of the said Louise Brakefield, and John & Louise Brakefield, approximate length 100 rods. The undersigned requests that this be a tile Lateral the intention being to construct an additional tile to work in conjunction with the present tile which is of insufficient capacity, thereby giving better outlet for the several lines of tile now coming from the north and west,

Louise Brakefield,

As it is claimed that the improvement will affect property owned by you, you are hereby notified that the Board of County Commissioners of said County have fixed the 6th day of February, 1928, at ten o'clook A. M. at the office of said Board, sethe time and place for the first hearing on the petition,

RALPH O. WEAD, Auditor of (1-26 and 2-3.) Greene County, Ohio.

THREE PROMISSORY NOTES MADE BASIS OF COURT ACTIONS

Suit for \$1,050, alleged due on three promissory notes, has been a group of her friends about her filed in Common Pleas Court by J. trip. E. Leopard against Charles A. plaintiff, who seeks foreclosure and sale of mortgaged property. Attorney George H. Smith represents the plaintiff.

DEMURRER OVERRULED In the case of James P. Colgate, ioing business as Filmore Farms, against Raymond D. Grieve, in Common Pleas Court, the court overruled a demurrer of the plaintiff to the answer of the defendant. Plaintiff, by counsel, excepted to the ruling. Leave was granted to

file a reply within two weeks.

CASE DISMISSED On motion of the ton, if sold within a few days, will with the defendants' consent, the sell at secrifice. Mutuel Phone suit of Alphe Valerio against Harof the plaintiff

FIX STOCK VALUE Upon the application of Mary E. Fudge, as administratrix of the estate of William J. Fudge, deceased, in Probate Court, seeking to have the court fix the value of five shares of preferred stock in The Milford Pink Victoria White Granite Co., not inventoried, the court found the stock sold at public auction for \$25 per share and fixed its value at this amount, order-"1927" METROPOLITAN BIG SIX ing the administrator to assign

> TITLE PERFECTED Following an application filed in Probate Court by Katherine Beard, as administratrix o fthe estate of David C. Beard, deceased, to distribute assets of the estate, the court ordered the administratrix to assign certain bonds to herself, individually, in order to have her title perfected to new bonds is

the proposed improvement:
You, Mrs. Thomas Jones, and all others whose address is unknown and each of you, are hereby notified that on the 26th day of October, 1927, the above named petitioner B. B. Stackhouse and others, filed that on the 26th day of October, 1927, the above named petitioner B. B. Stackhouse and others, filed a petition for the Location, construction, reconstruction, straightening, deepening, widening, boxing or tiling of a part of Lucas Litch in Silvercreek and Jefferson Townships, with the County Auditor of Said County, the substance and prayer of which said petition is, that the construction of the improvement is necessary and will be conducive to the public welfare, and prays for the making of such improvements on the following course and termini, to-wit:

Commencing on the land of W. F. FURNITURE And stoves. Men-

A. & Louise Brakefield, E. M. Garringer, L. D. Glass, A. & B. Sutton, Catherine Sessiar, Seymore Wade, and Arthur Harness, and terminate at the Burr road, a distance of about three miles. Also as per application for a tile Lateral filed Jan. 9th, 1898, by Louise Brakefield, John & Louise Brakefield, described as follows: Commencing in the line of a present 8 inch tile ditch on the lands of Louise Brakefield, in Survey 1171, Silvercreek Township, Greene County, Ohlo, at a point 86 rode east of the Sutton road, thence in a southeasterly direction following alongside or near a present tile ditch to interacction with the main open ditch all on the lands of the said Louise Brakefield, approximate length 100 rods. The undersigned requests that this be a tile Lateral the intention being to construct an additional tile to work in conjunction with the present tile which is of insufficient capacity, thereby giving better outlet for the several lines of tile now coming from the north and west.

Louise Brakefield.

As it is claimed that the improvement will affect property owned by you, you are hereby notified that the Board of County have fixed the 5th day of February, 1928, at ten o'clock A. M. at the office of said Board, se the time and place for the first hearing on the petition.

RALPH O. WEAD, Auditor of (1-25 and 2-3.) Greene County, Ohio.

THREE PROMISSORY NOTES MADE BASIS OF COURT ACTIONS

Suit for \$1,060, alleged due on filed in Common Pleas Court by J. trip. E. Leopard against Charles A. Ween. Jill Justin, ultra-modern and as ambently lovely at 20 as the Saga ily, starts out on a moon-lit night n August, accompanied by her brother Tony, to attend a harvest

The two run into an automobile hold-up. Jill is kidnaped by banfits, who carry her into the hills, from where she is rescued by Jack Stuart, who takes her home.

It is the old story retold. Jack stays for a visit and remains to wed the lovely Jill. The passing of two years finds them the proud and happy parents of twin boys

Now transpires an event destined to bring about radical changes in the lives of these people. Wander ing through the hills back of the Justin home, Stuart stumbles onto an old abandoned mine. He also discovers what he believes to be

ore-bearing rock. It is Tony, however, in the following April, who brings in the big He is inveigled into the hills by a pretty girl, who tells him her name is Mary, but that she is "called Mike!" Mary, who is called "Mike" is driving a costly roadster, and she asks Tony to guide her to a place in the hills known as The... Devil's Luck. Here she takes the lead and pilots him into an electrically lighted chamber After telling him that Stuart's tax title mine yields an ore ich in tungsten content, Tony gets another jolt. "Mike" has disappeared right before his eyes. Five minutes later she suddenly reappears, accompanied by an aldermanic looking personage whom she introduced as "Dad" or Pat Sweeney, her father. Following a short talk Mike shows Tony the secret of ner mysterious disappearance. This wung open on a pivot in the rocky thoughts. wall, and connecting with another Tony has already learned their tax tion?" he said, tentatively. itle mine yields. a. tungsten-bear-

21 CREEN ST.

XENIA, OHIO

Jill Justin, ultra-modern and as ambently lovely at 20 as the Saga

ily, starts out on a moon-lit night in August, accompanied by her brother Tony, to attend a harvest

The two run into an automobile hold-up. Jill is kidnaped by bandits, who carry her into the hills, from where she is rescued by Jack Stuart, who takes her home.

It is the old story retold. Jack stays for a visit and remains to wed the lovely Jill. The passing of two years finds them the proud and happy parents of twin boys

Now transpires an event destined to bring about radical changes in the lives of these people. Wandering through the hills back of the Justin home, Stuart stumbles onto an old abandoned mine. He also discovers what he believes to be

ore-bearing rock. It is Tony, however, in the following April, who brings in the big news. He is inveigled into the hills by a pretty girl, who tells him her name is Mary, but that she is "called Mike!" Mary, who is called "Mike" is driving a costly roadster, and she asks Tony to guide her to a place in the hills known as The Devil's Luck. Here she takes the lead and pilots him into an electrically lighted chamber, After telling him that his and Stuart's tax title mine yields an ore ich in tungsten content. Tony gets another jolt. "Mike" has disappeared right before his eyes. Five minutes later she suddenly reappears, her father. Following a short talk Mike shows Tony the secret of ner mysterious disappearance.
